

— SHIP BUNKERING

Worldwide bunkering on site.

A. Nobel & Zn.

Your maritime total supplier.

- ✓ Worldwide delivery
- ✓ Customized technical advice
- ✓ High-quality products
- ✓ Everything at one easily accessible location
- ✓ Generations of accumulated knowledge

Introduction

Nobel supplies a wide range of fuels both **nationally** and **internationally** through its own bunker station, bunker fleet, and network of truck suppliers.

The Tubantia bunker station is situated at the junction of the Oude Maas and Dordtse Kil. And with the bunker vessels, Aart Sr. and Mobilservice 39, the regions of Drechtsteden, Moerdijk, and the Port of Rotterdam are fully serviced.

For customers outside the Netherlands, the bunker team also arranges international bunkering via the TTS-method.

Nobel supplies a variety of fuels, including oil, diesel, and additives like **AdBlue**, **HVO**, and **GTL**. Furthermore, Nobel operates a fully **certified ISPS quay**, equipped with space for **LNG** bunkering, and offers inspection and cleaning services for oils and fuels.

DEPARTMENT

Ship Bunkering.

- ✓ Worldwide bunkering on-site
- ✓ Inland, seagoing and offshore
- ✓ Sustainable fuels (incl. LNG & HVO)

Sustainable fuels

A certified LNG bunkering quay, and facilities for GTL and HVO bunkering.

On-site bunkering

Worldwide bunkering with an extensive network of suppliers & partners.

Wide range of lubricants

High-quality lubricants from brands such as Mobil, Shell, Total, and Castrol.

AdBlue via trucks and barge

Deliveries of AdBlue 32.5% and 40% via trucks and barge.

Bunker station & 350m quay

A 116-meter-long bunker station is located along the quay of Nobel. The remaining quay area is designated for receiving goods, (LNG-)bunkering, overnight stays, repairs, and lifting operations.

The entire quay is ISPS-certified.

— LOCATIE

A prime location second to none.

Nobel is strategically located in Zwijndrecht along the Oude Maas. This is the meeting point of sea and inland shipping, where Nobel operates from a 5,000 m² facility comprising a warehouse, office, and a shipstore filled with all needed ship supplies for on board.

Nobel's building is bordered by a **350-meter ISPS-certified quay**. This quay is ideal for (LNG-)bunkering via the TTS method, lifting operations, repairs, overnight stays, and drop-offs/pick-ups.
