ABOUT US

A. NOBEL & ZN.

A. Nobel & Zn. is a total supplier for the maritime sector. As a market leader in filters, supplier of fuels and all kinds of ship supplies, we are the trusted address for your total ship equipment.

Complete supplier

We serve the total width of the maritime sector from our location in Zwijndrecht. Due to our extensive facilities and large stocks, you can call us a real one-stop-shop.

Central location

We are located in Zwijndrecht, along Europe's major shipping routes and close to important ports such as Rotterdam, Moerdijk and Dordrecht. Due to our central location, customers find us easily and we are able to deliver quickly.

Three generations

We are distinguished by expertise built up over more than 50 years by three generations and our specialized employees, who attach high value to service and quality. Combining this with a substantiated advice.

BUNKERSERVICE

MORE THAN ONLY FUEL

From our bunker station, we supply a variety of fuels for inland and sea vessels. We also sell lubricants, fuel additives, AdBlue, as well as providing fuel treatments services.

Renewable fuels

In addition to supplying traditional fuels, Nobel has also concentrated on newer and cleaner fuels such as (Bio) LNG, GTL and HVO. In 2011, after years of pioneering, Nobel was given the opportunity for bunkering the first LNG inland barge in Europe. Today we have a certified LNG Bunkering quay, which LNG tankers use regularly.

Quay

It is possible to use our quay when it comes to delivering slops or perform lifting work and repairs. Our facilities can be used for shorter or longer periods of time. While using our quay, you will experience the convenience of our one-stop-shop.

FILTRATION & SEPARATION

MARKET LEADER IN FILTRATION

Oil

Air

Cooling Water

Hydraulics

Water

Fuel

Nobel is market leader in filtration. We are an authorized distributor of brands like Fleetguard and Parker. Besides these distributorships, we also have many other brands on stock.

Large stocks

From our warehouse we offer a complete range of filters and accessories directly from stock. Thanks to good relationships with various filter brands, we are able to deliver products that are not in stock in a short period of time.

Knowledge

In addition to supplying filters, we are also your partner when it comes to filtration problems for various applications. We have developed our own equipment for cleaning oil and separating water. Besides that, we keep track the order patterns of our customers. When we identify irregularities or see cost-cutting opportunities, we contact them directly.

✓ Various brands

✓ Large stocks

✓ Worldwide delivery

A SELECTION OF OUR ASSORTMENT

OTHER SERVICES

Microscopic control

Do you have possible damage to your filters? With our advanced equipment we are able to diagnose, check micronages and thereby indicate and solve these problems.

Rental of mobile units

Contaminated fuel or hydraulic oil? We have mobile filter units ready to filter and clean this.

Repair and maintenance

Does your filter unit need an overhaul? We have our own technicians to perform this in-house or at your location.

SHIP EQUIPMENT ONE-STOP SHOP

Nobel is the central point for purchasing your marine equipment. In our spacious store you will find everything that is standard on a ship. Thanks to our large stock and wide range, we are able to quickly fill any shortage in your ship equipment. In addition, we serve as a supplier for the entire equipment of new-build vessels.

Specialized staff

Our enthusiastic employees have great expertise and experience with a wide range of products. They will give you a well-founded advice.

Short delivery times

Thanks to our wide-ranging contacts, we are able to offer the most diverse products under favorable conditions and with a short delivery time.

Everything deliverable

We are characterized by our high service level. For our customers, we do everything we can to fulfill their requests and take work off their hands. Whether it concerns additional advice on one of our products, or a unique item that falls outside our range and has to be ordered. Thanks to our wide-ranging contacts, we are able to offer the most diverse products under favorable conditions and with a short delivery time.
