Ordering.

Discover the Nobel product range online, tailored to the needs of your organisation.

Below is one of the many category pages, in this case the category "Stud Bolts"

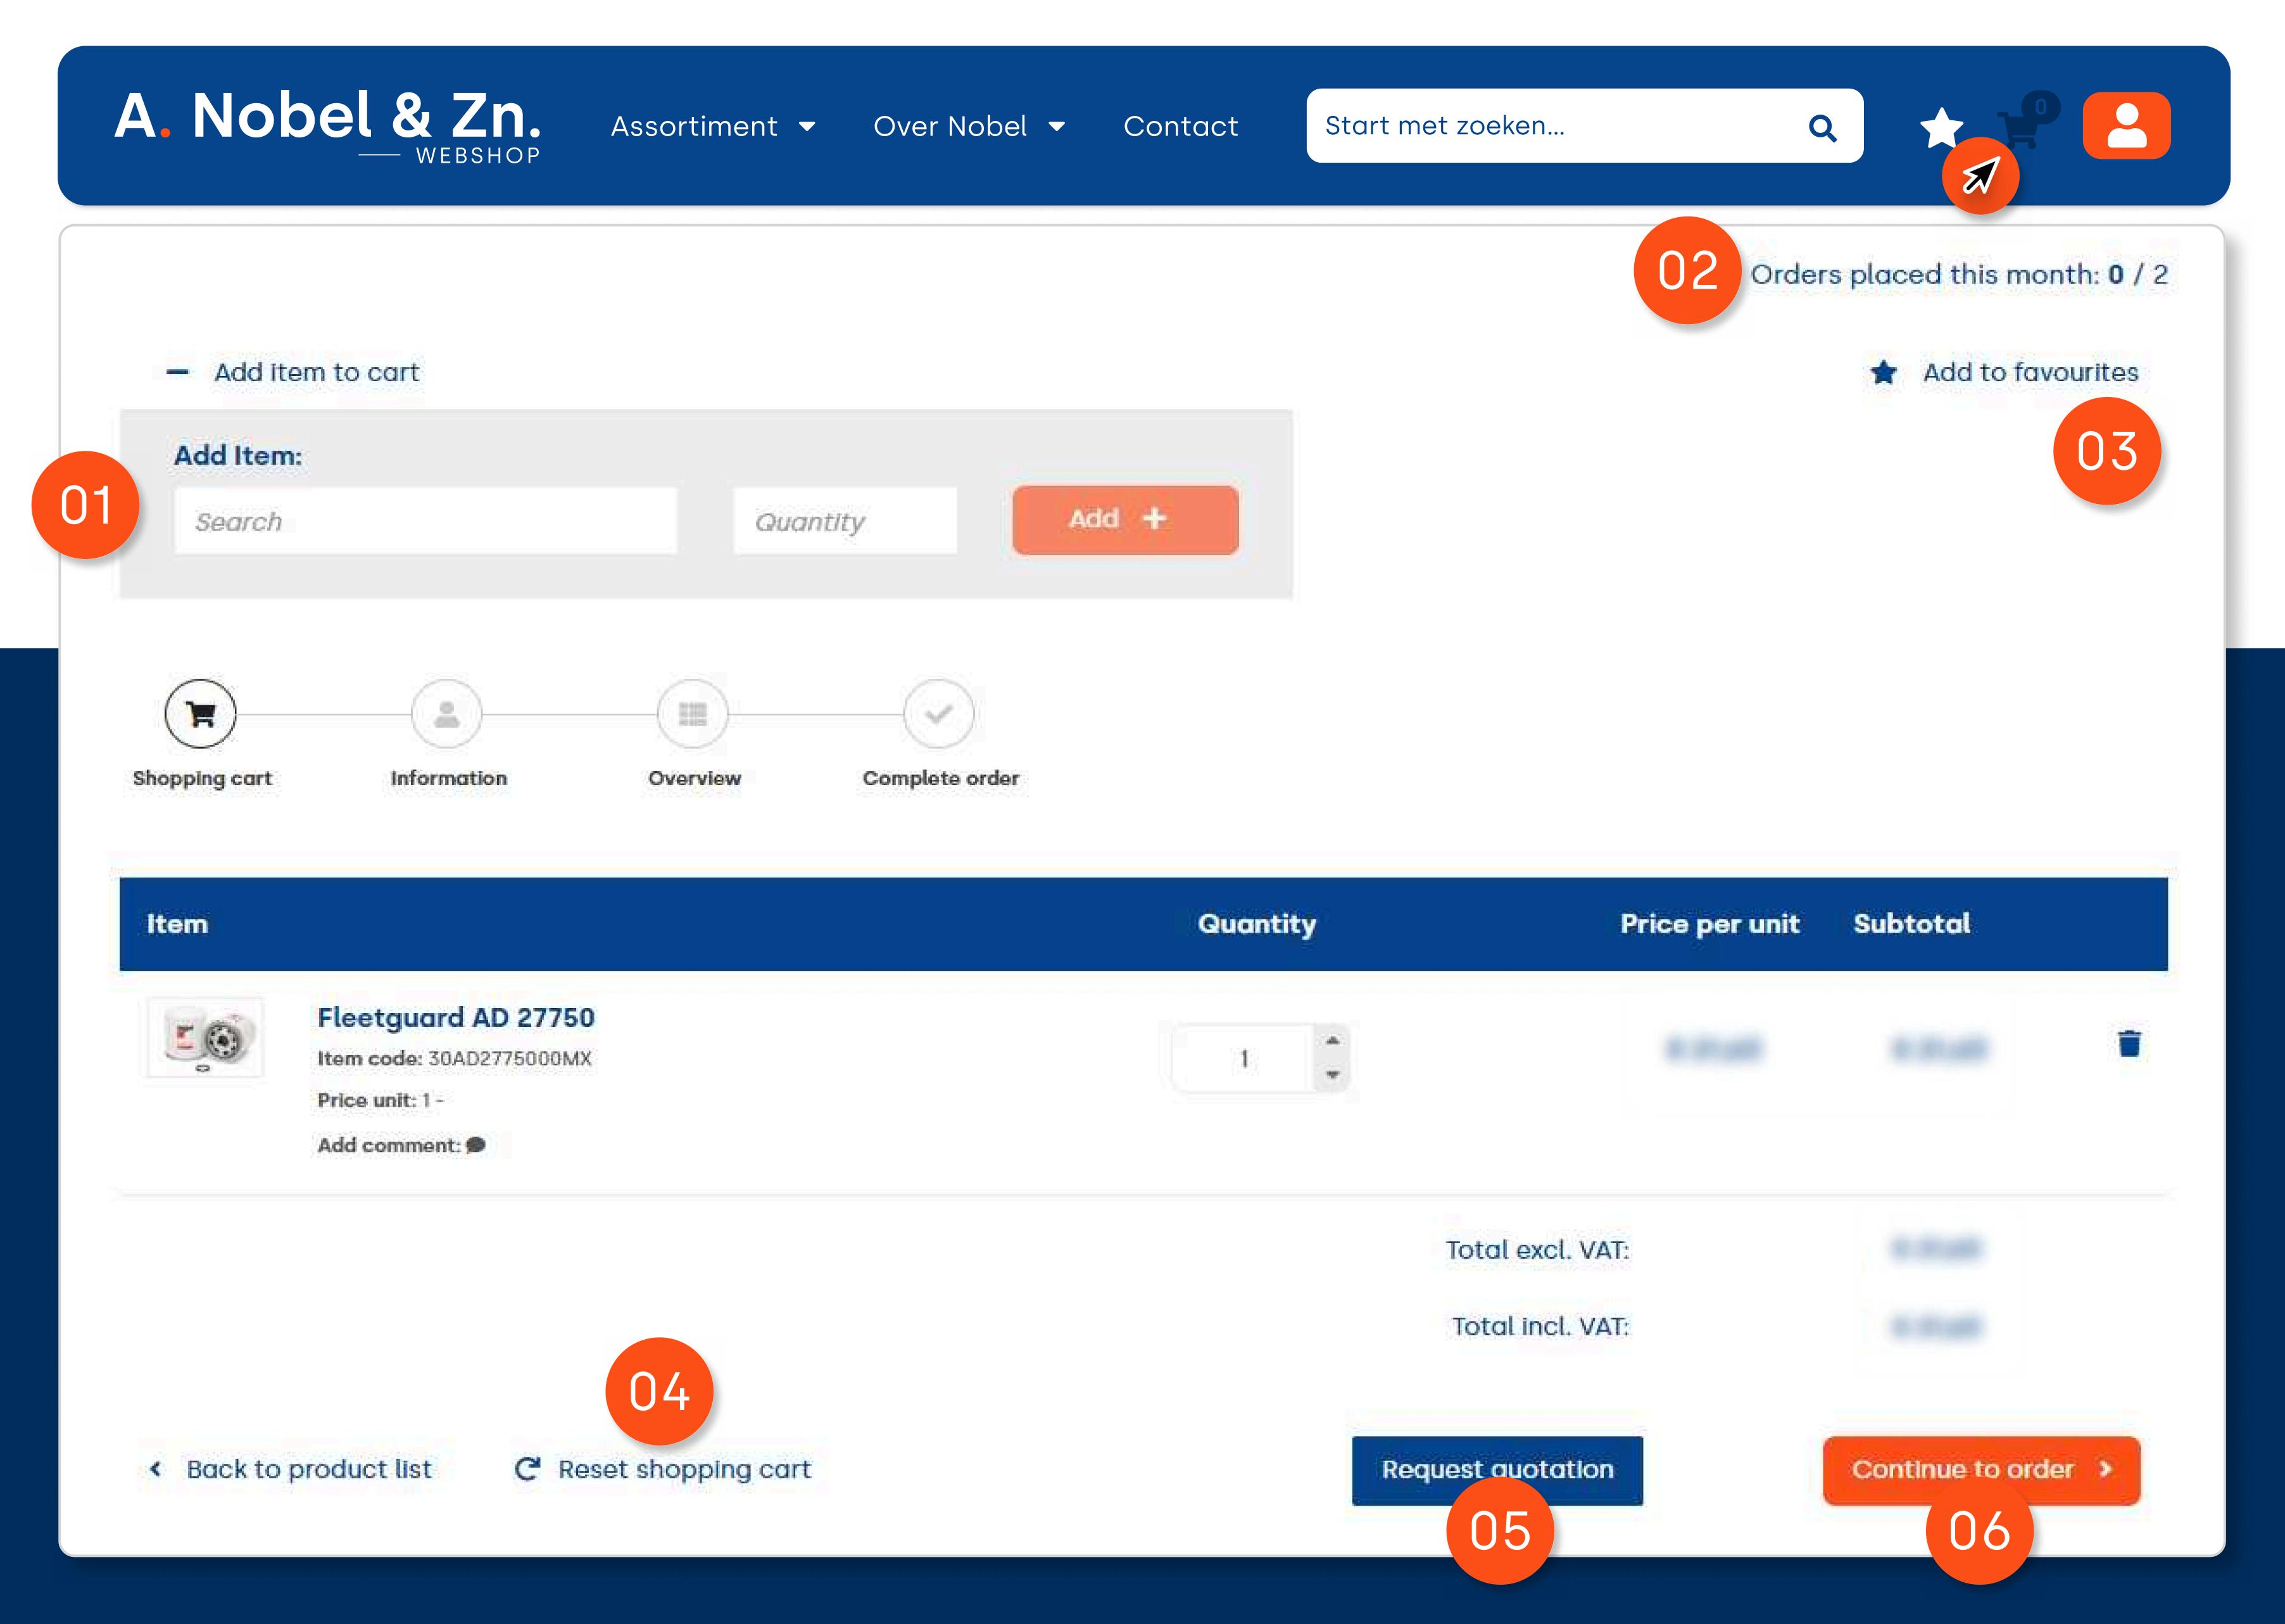

- **01.** Navigate through the three main categories to find the right product.
- **02.** Use the search bar to look up brands, item codes, cross-references, or product names.
- **03.** The star and shopping cart icons provide quick access to your favourites and your shopping cart.
- **04.** Use the filter menu (if available) to filter by product specifications.

- **05.** Choose how many products are displayed per page, or filter by relevance or order.
- **06.** Products with variations (such as sizes) can be selected directly.
- **07.** Some products or categories may not be visible due to internal agreements with your organisation.

Order Step 1

After adding products to your shopping cart, you can navigate to the cart icon in the top right corner:

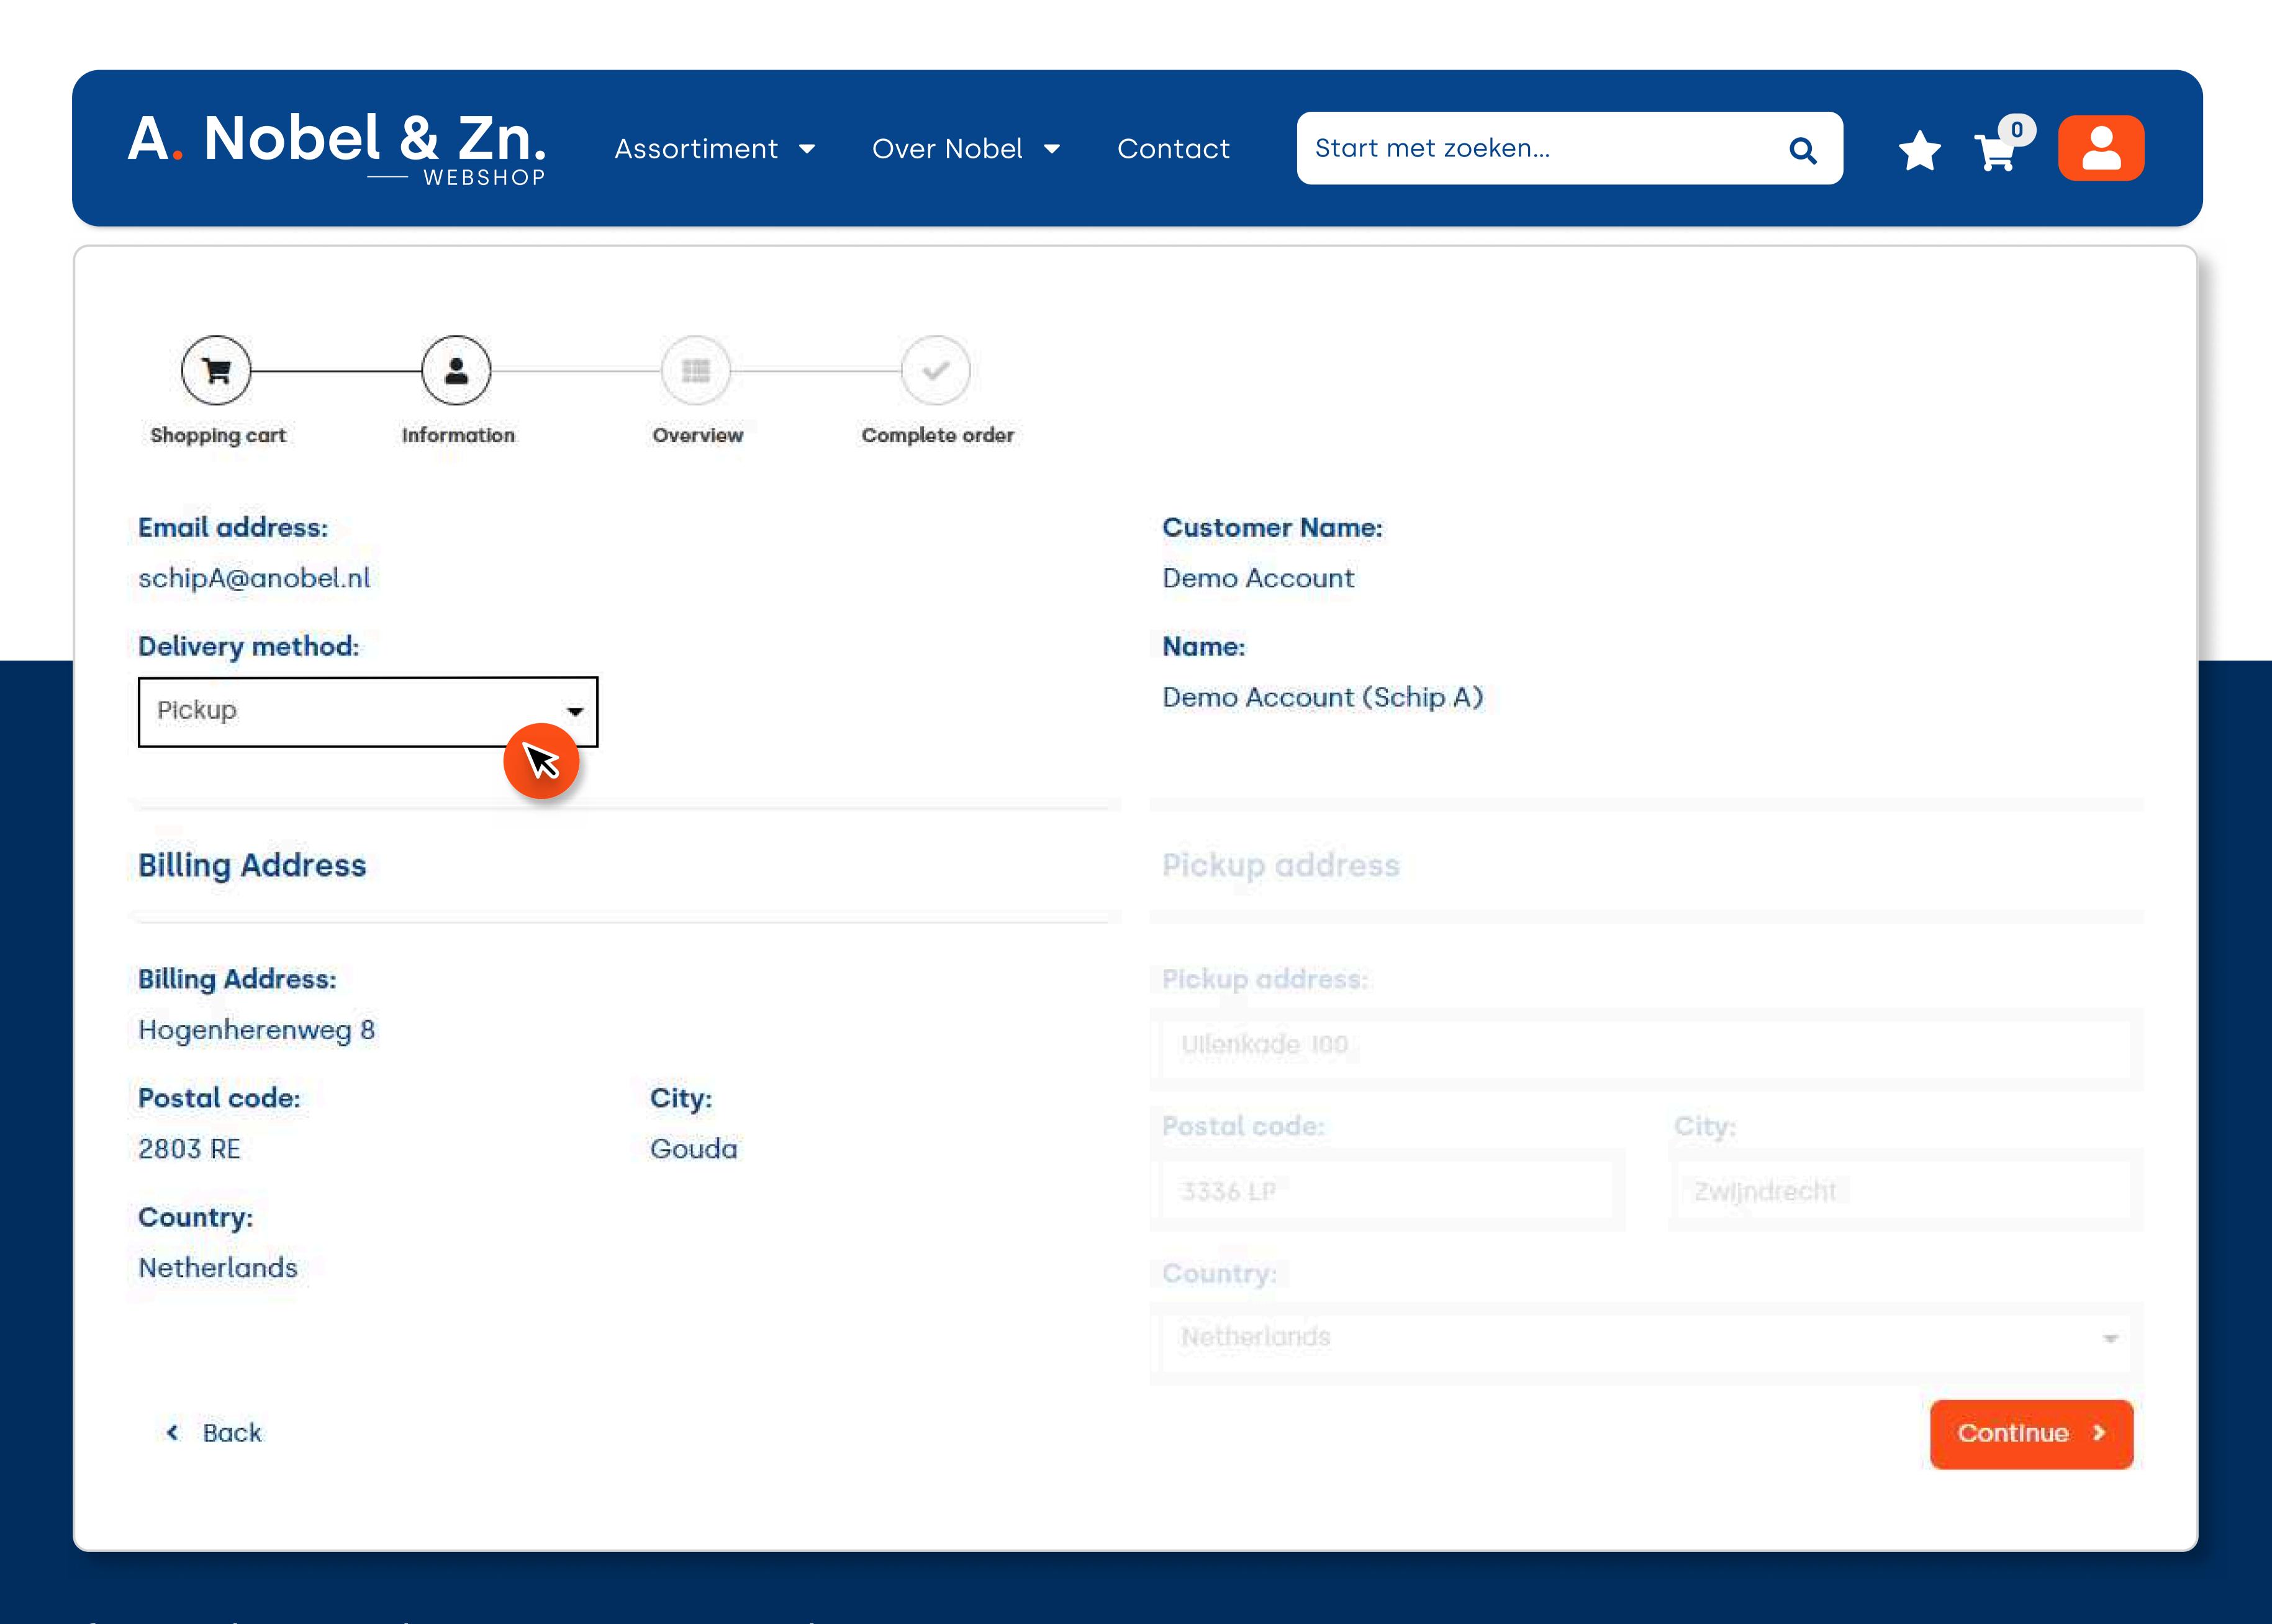

- **01.** Quickly add extra products if you've forgotten something.
- 02. Check your order limit for this month.
- **03.** Save the entire shopping cart as a favourites list.

- **04.** Empty the entire shopping cart with a single click.
- **05.** Only request a quote if no prices are visible in cart.
- 06. All set? Click on 'Complete order'.

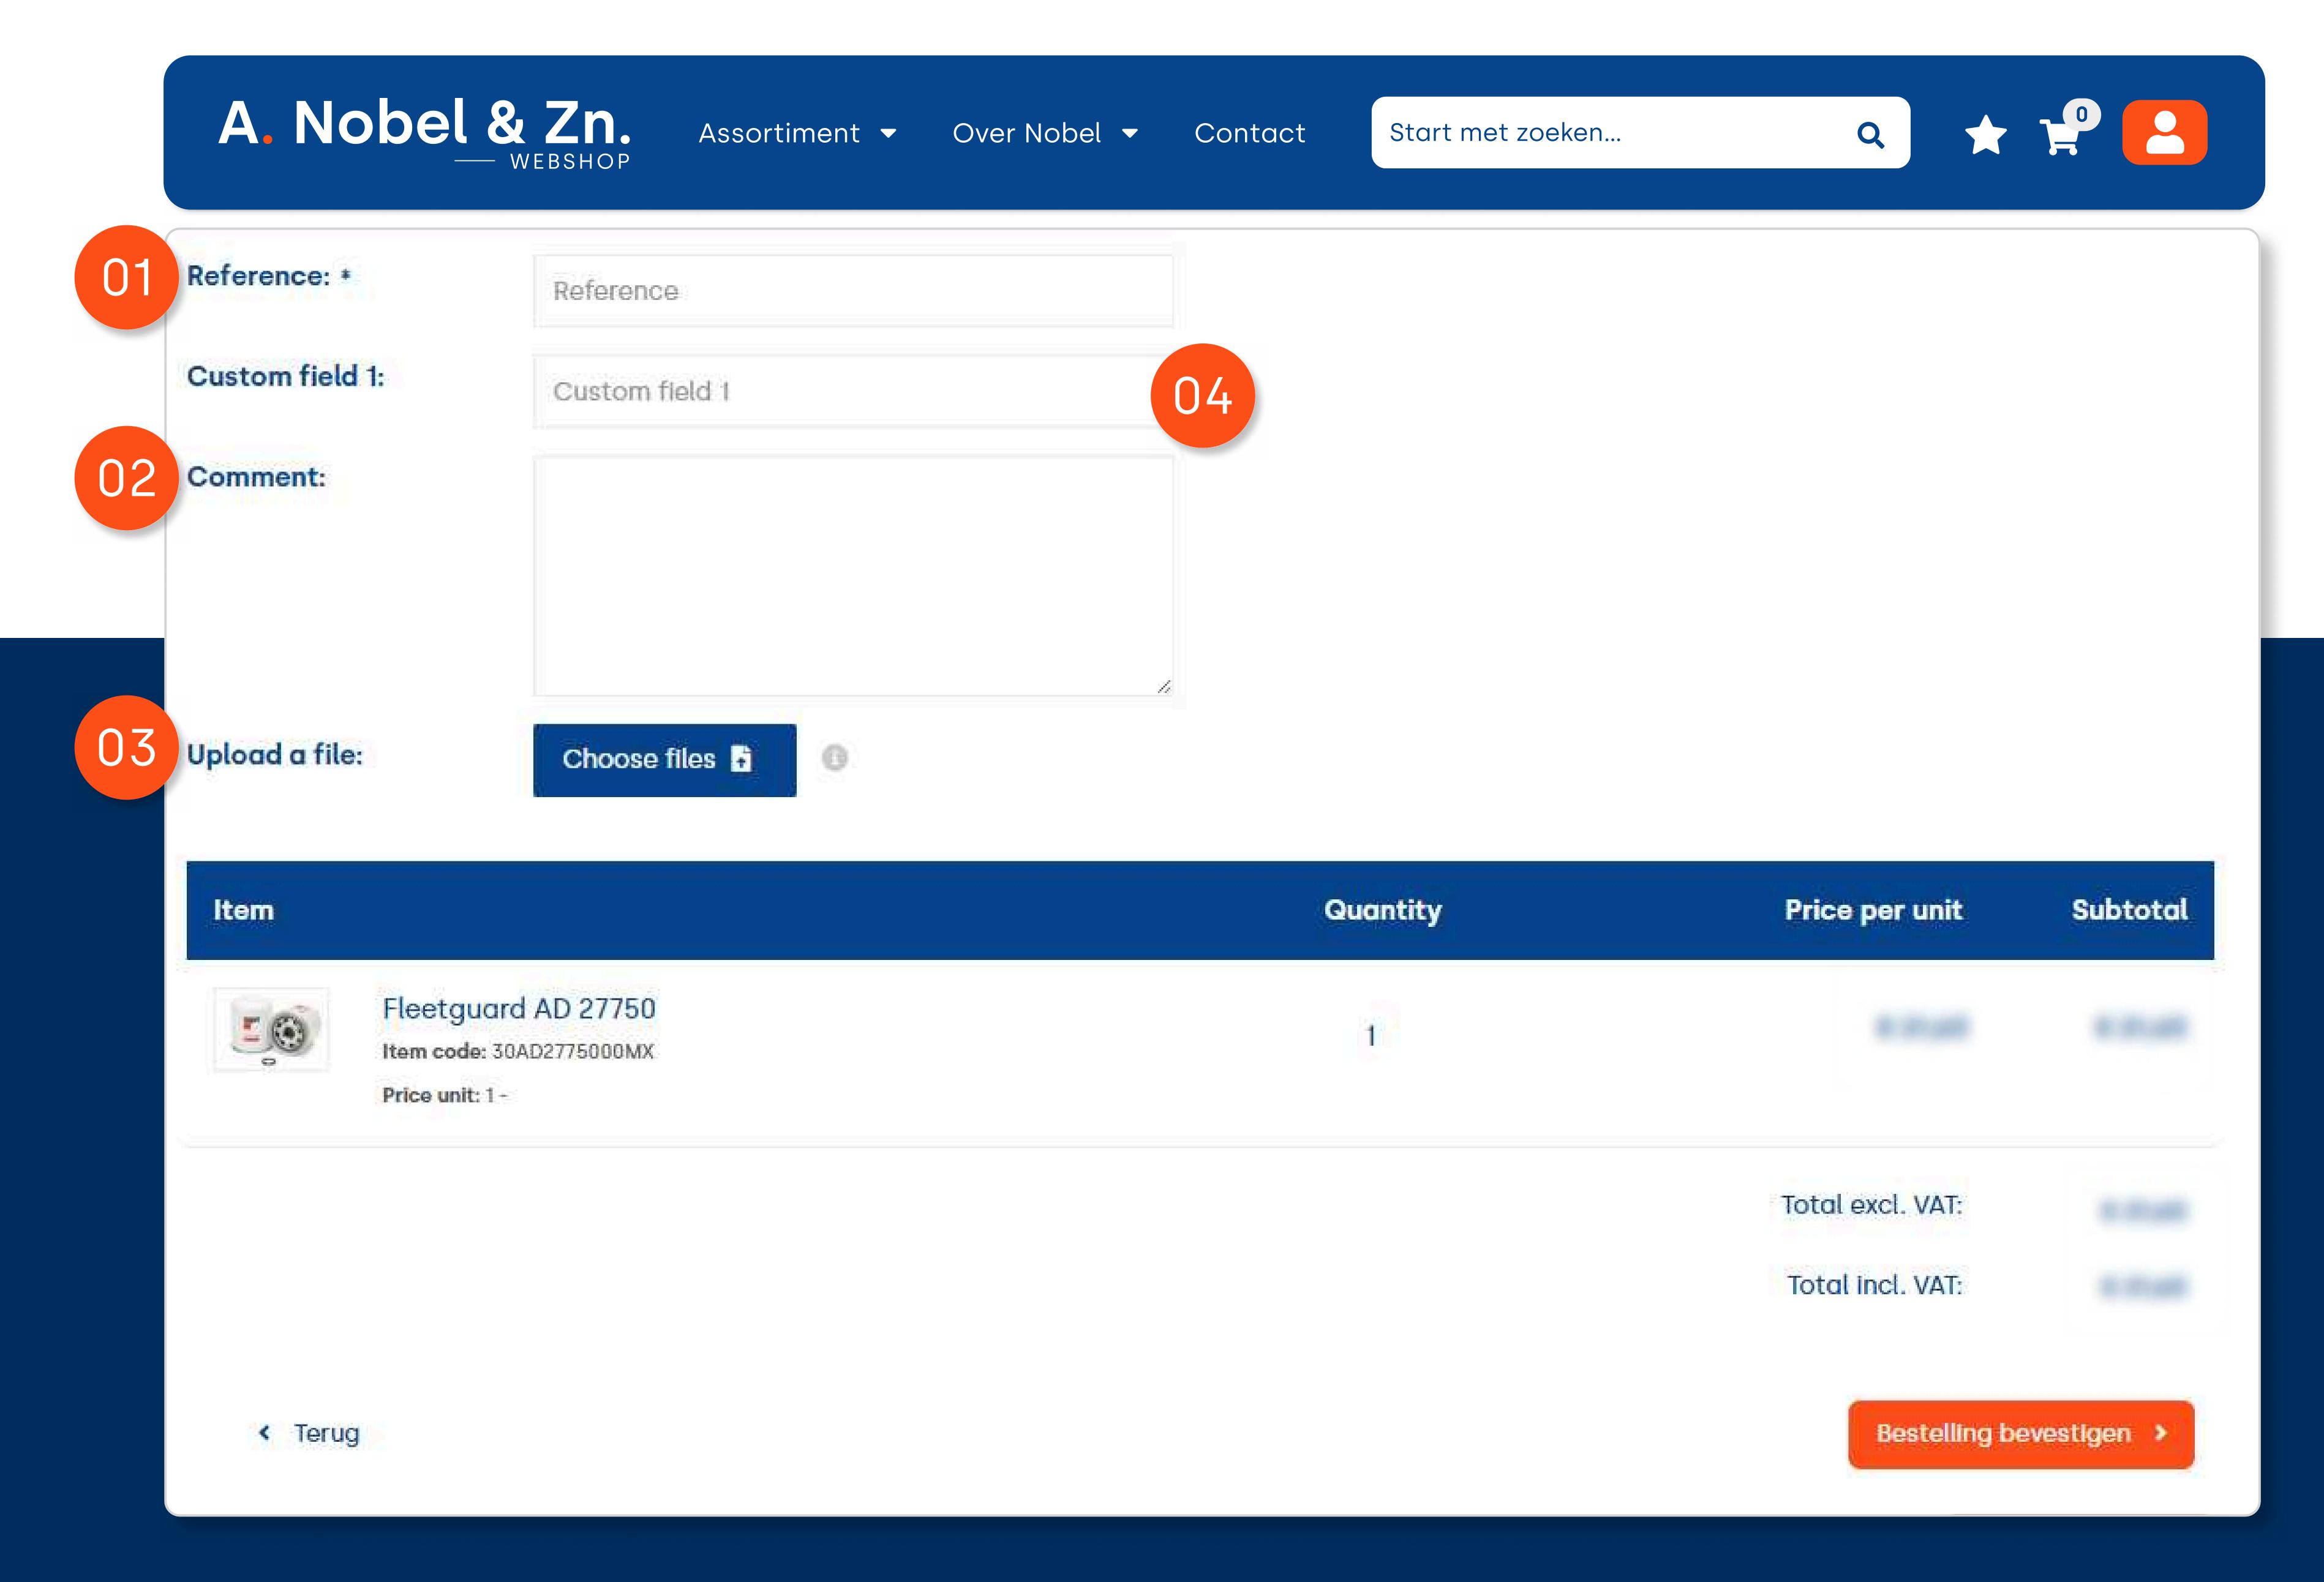

Step 2

On this page, choose whether you want to pick up the order or have it delivered:

If you choose shipping, you can also enter a temporary delivery address.

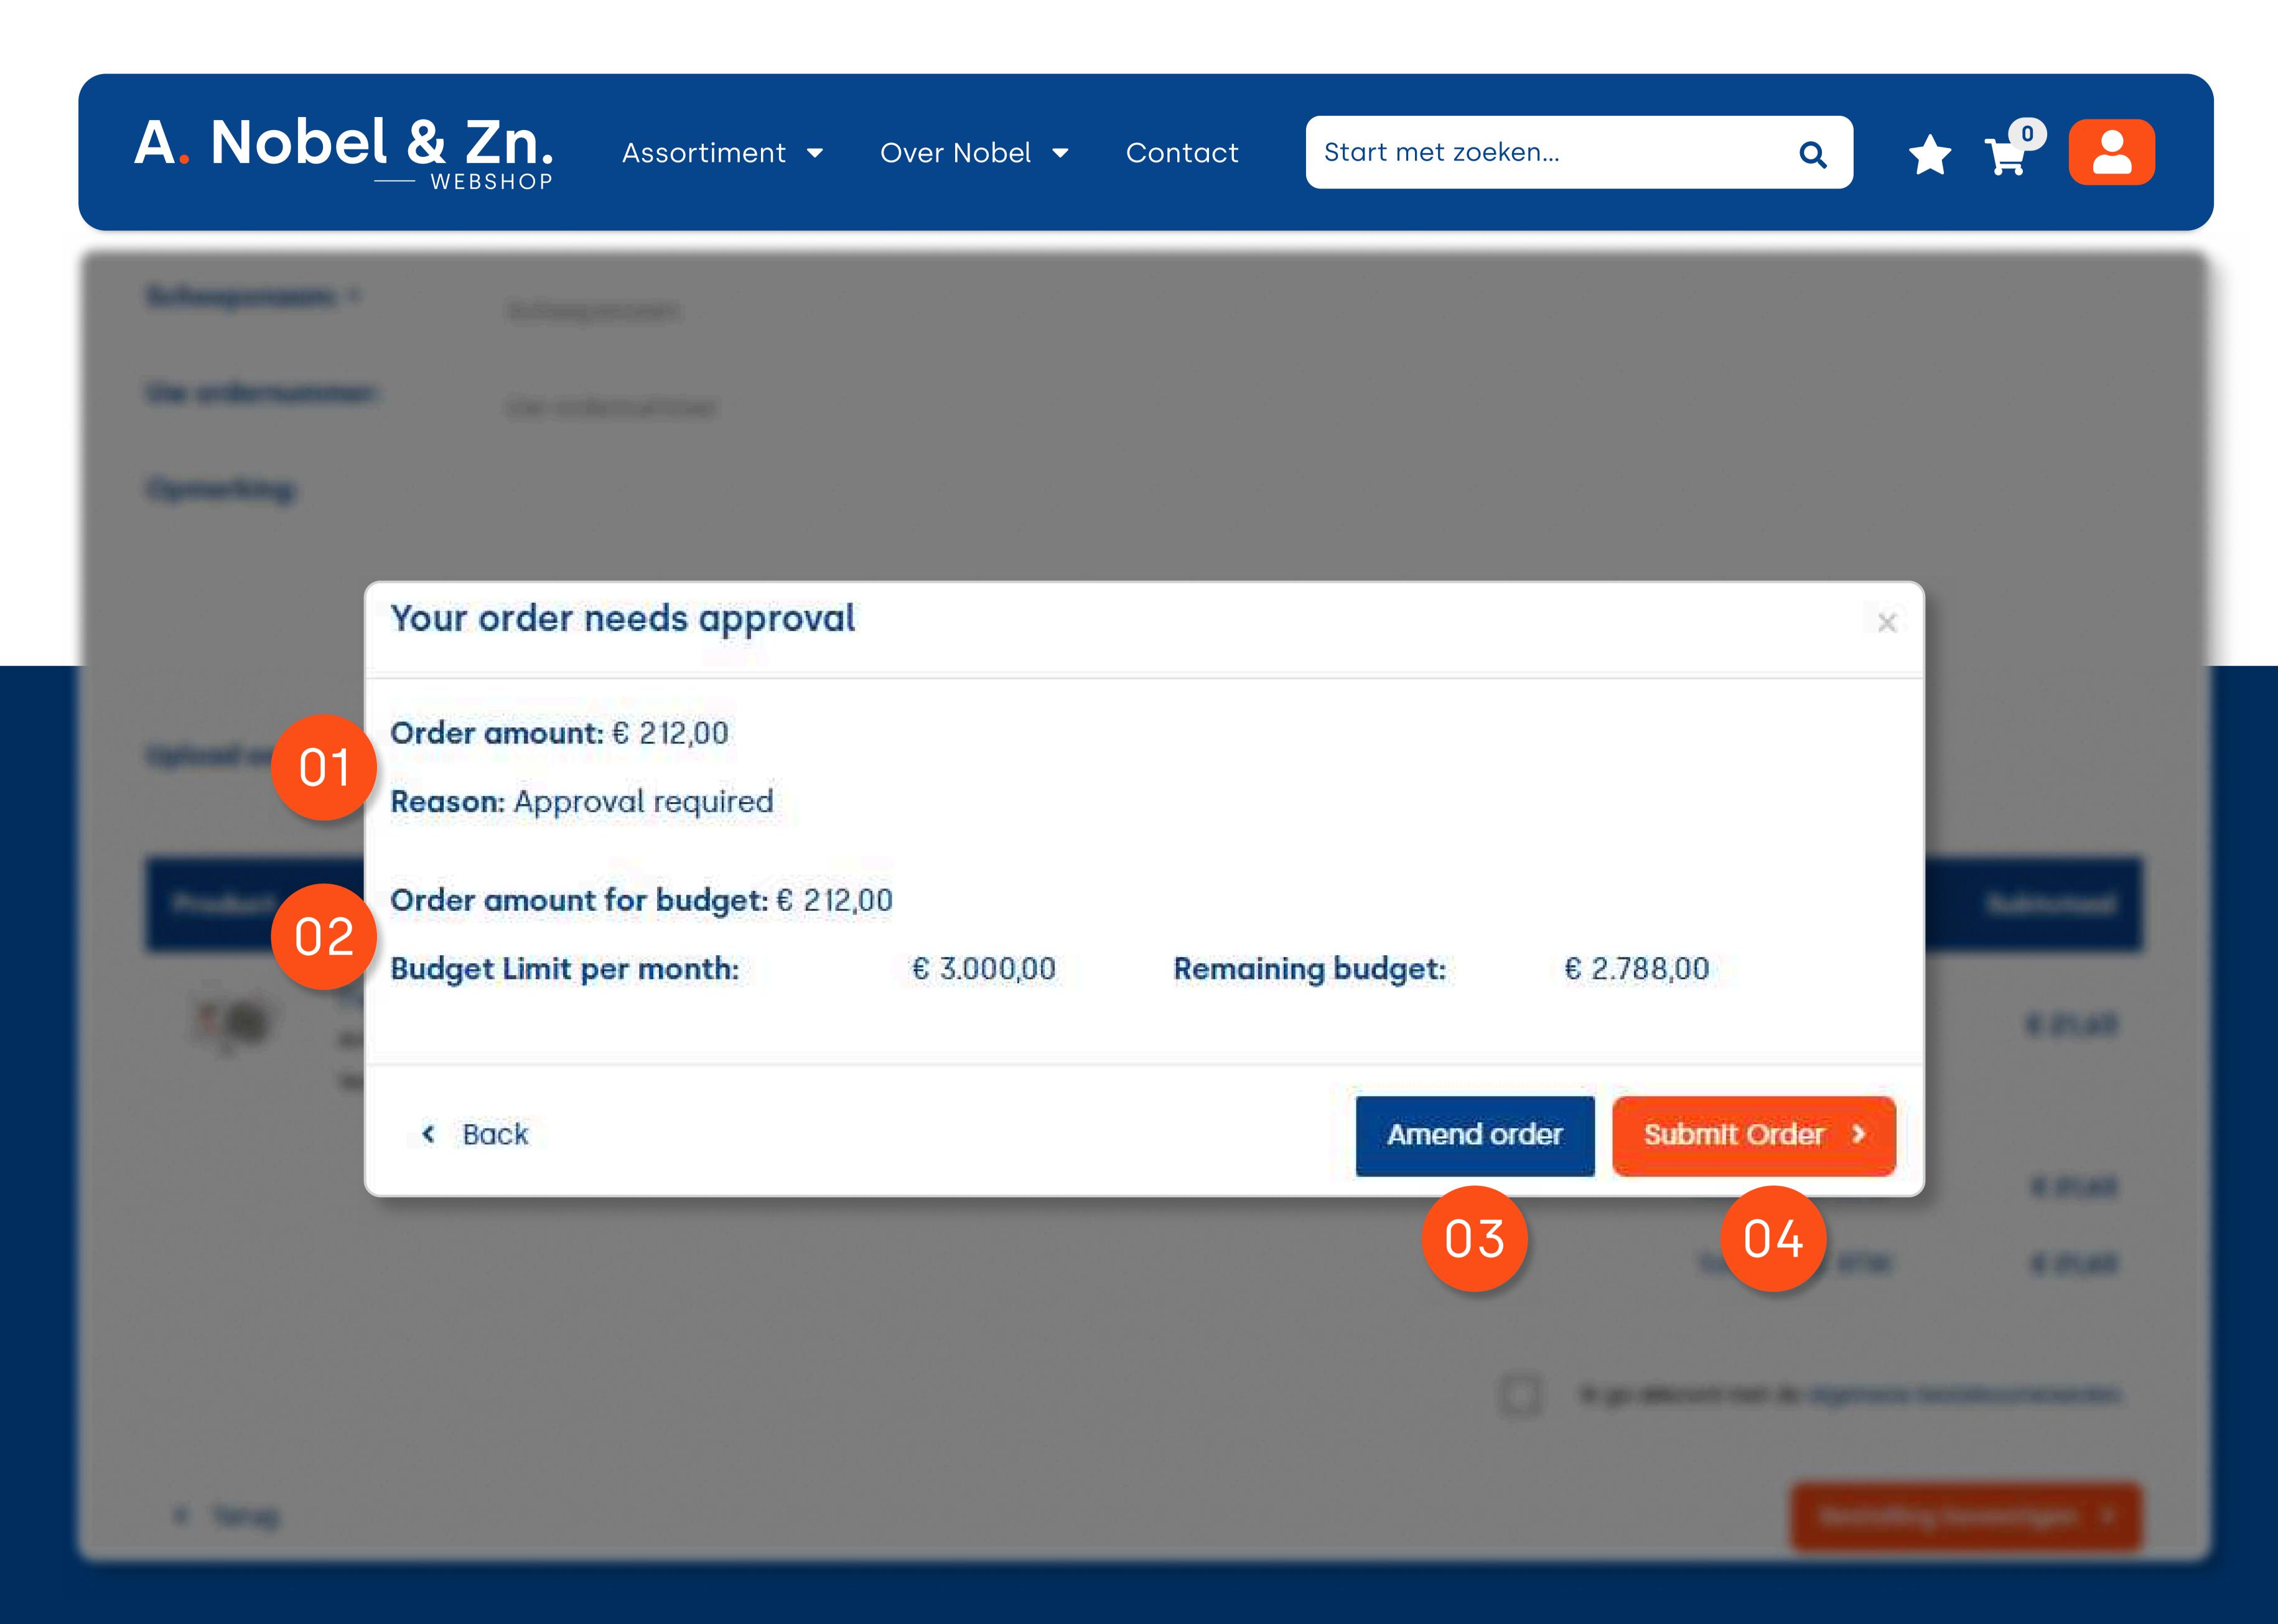

Step 3
In this final step, you complete the order:

- 01. Enter the vessel name. This is required.
- **02.** If needed, add comments, questions, or special product requests.
- **03.** Upload documents or images if necessary.
- **04.** Do you have an internal order number? You can enter it here (optional).

Optional step

If your account uses approvals and/or an assigned budget, you will see additional information at this stage:

- **01.** Your order will be submitted for approval, along with the total amount.
- 02. View the used and remaining budget.
- 03. Adjust the order if necessary.
- 04. Send the order to the approval manager.
